### Note

#### NOTE 1:

Component parameter description

- 1. DNP stands for component not mounted temporarily
- 2. If Value or option is DNP, which means the area is reserved without being mounted
- 3. If Flash is compatible, please notice when eMMC is used, the option is that @eMMC is mounted, @Nand is not mounted when Nand is used, the option is that @Nand is mounted, @eMMC is not mounted

#### NOTE 2:

Please use our recommended components to avoid too many changes.For more informations about the second source,please refer to our AVL.
